

800 g

>> Type of use (*)

>> Technical features

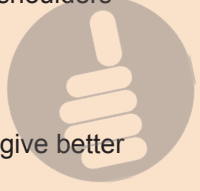

- ✓ Full body harness.
- ✓ One attachment point:
 - dorsal attachment D-ring.
- ✓ Polyester strap of 44 mm.
- ✓ Dorsal webbing holding cross plate.
- ✓ Plastic rings of contrasting color for straps holding.
- ✓ Adjustable thigh straps.
- ✓ With sit strap.
- ✓ **Weight: 800 g.**
- ✓ **Size: one size only.**
- ✓ **Colour: black / orange.**
- ✓ **Packing:** - carton of 10 pieces.
- under individual box.

>> Advantages

- ✓ Our harnesses have a dual colour scheme allowing quick and easy identification of the straps for the shoulders and the thighs. It makes it easier to wear the harness properly.
- ✓ The yarn used in the seams are in contrasting colours, making it easier to control the harness.
- ✓ Our Harness has a unique sit strap ergonomically designed for extended comfort.
- ✓ The sit strap & the thigh strap are designed so that they are made out of a single piece of webbing to give better load distribution between the thigh & sit straps
- ✓ The webbing used in manufacturing harness is made of Dope Dyed High Tenacity Polyester Yarn which has six times higher resistance to UV colour degradation over the normal dyed webbing.
This procedure provides a unique resistance against UV degradation, 6 times superior than straps classically tinged. This method provides a greater longevity of the final product.
- ✓ **ISO 9001** certified manufacturing.

>> Conformity

This product has been tested according to the following European standard:
- **EN 361: 2002.** Personal Protective Equipment against falls from a height; full body harnesses.
It complies with European **Regulation (EU) 2016/425** on Personal Protective Equipment (**PPE**). **Category III.**
EU type examination certificate (**module B**) issued by **SATRA (Ireland)**. Notified body **n°2777**.
The PPE is subject to the conformity assessment procedure based on quality assurance of the production process (**Module D**) set out in Annex VIII (Category III) under surveillance of **SGS Fimko Oy (Finland)**.
Notified body **n°0598**.

18 mm

160 g

>> Type of use (*)

Light industry

Heavy industry

Structural works

Maintenance

Public works

>> Technical features

- ✓ Screw locking safety karabiner.
- ✓ **Class B** (Basic connectors).
- ✓ **Class M** (Multi-use connectors).
- ✓ Alloy steel.
- ✓ Self-closing and manual locking type.
- ✓ Opening 18 mm.
- ✓ Weight: 160 g.
- ✓ Colour: yellow.
- ✓ Packing

- carton of 100 pieces.
- box of 10 pieces.

Learn more: www.singer.fr

>> Main advantages

- ✓ All the metal karabiners pass the salt spray test for 72 hours against 50 hours as required by the European standards. Thus we maintain a higher benchmark against corrosion.
- ✓ The outer and especially interior edges of the karabiners are perfectly smooth.
- ✓ To guarantee the best quality, the production line of Singer® Safety is integrated.
- ✓ We control and produce in a single factory the creation and fabrication of the products: weaving coated thread into straps, stamping metal pieces and chemical treating, harness assembly, individual control and real-time testing thanks to the different laboratory devices and tools etc...
- ✓ **ISO 9001** certified manufacturing.

>> Conformity

This product has been tested according to the following European standard:

EN 362: 2004. Personal protective equipment against falls from a height. **Connectors.**

It complies with European **Regulation (EU) 2016/425** on Personal Protective Equipment (PPE). **Category III.**

EU type examination certificate (**module B**) issued by **SATRA (Ireland)**. Notified body **n°2777**.

The PPE is subject to the conformity assessment procedure based on quality assurance of the production process

1.50 m Ø 12 mm

480 g

>> Type of use (*)

>> Technical features

- ✓ Fall arrest lanyard. Stranded polyamide rope.
- ✓ Integrated energy absorber, protected by a plastic sheath.
- ✓ Splice on one side.
- ✓ Minimum air draft required: **6.00 m (factor 2)**.
- ✓ Length: **1,50 m**.
- ✓ Diameter: **12 mm**.
- ✓ Weight: **480 g**.
- ✓ Packing: - carton of 20 pieces.
- bundle of 1 piece.

Learn more: www.singer.fr

>> Advantages

- ✓ The lanyard at the end is protected with a strong transparent protective covering sleeve.
- ✓ The loops at the end are protected by an abrasion resistant thimble. This prevents the rope from being damaged by the metallic contact of a connector.
- ✓ The rope also has a coloured tracer strand which loses its colour in due course of time, to show that the lanyard is now unfit for further use.
- ✓ **ISO 9001** certified manufacturing.

>> Conformity

This product has been tested according to the following European standard:
- **EN 355: 2002**. Personal protective equipment against falls from a height. Energy absorbers.

It complies with European **Regulation (EU) 2016/425** on Personal Protective Equipment (PPE). **Category III**.
EU type examination certificate (**module B**) issued by **SATRA (Ireland)**. Notified body n°2777.
The PPE is subject to the conformity assessment procedure based on quality assurance of the production process (**Module D**) set out in Annex VIII (Category III) under surveillance of **SGS Fimko Oy (Finland)**.
Notified body n°0598.
